¹¹ [the beneficiary has to be given reasonable period of time in order to complete the interim report after the reporting period ends]. It is recommended to respect the deadline of 60 calendar days following the end of the reporting period.

I.4.4 Final report and request for payment of the balance

Within [60] [or shorter period to be specified by the NA] calendar days after the end date of the Project specified in Article I.2.2, the coordinator must submit a final report on the implementation of the Project using the reporting tools set in Article I.10, and, when applicable, upload all project results in the Erasmus+ Project Results Platform as specified in Article I.11.2. The report must contain the information needed to justify the contribution requested on the basis of lump sum in accordance with Annex III.

The final report is considered as the coordinator's request for payment of the balance of the grant.

The coordinator must certify that the information provided in the request for payment of the balance is full, reliable and true. It must also certify that the costs incurred can be considered eligible in accordance with the Agreement and that the request for payment is substantiated by adequate supporting documents that can be produced in the context of the checks or audits described in Article II.27.

I.4.5 Payment of the balance

The payment of the balance reimburses or covers the remaining part of the eligible costs incurred by the beneficiaries for the implementation of the project.

The NA determines the amount due as the balance by deducting the total amount of pre-financing and interim payments (if any) already made from the final amount of the grant determined in accordance with Article II.25.

If the total amount of earlier payments is greater than the final amount of the grant determined in accordance with Article II.25, the payment of the balance takes the form of a recovery as provided for by Article II.26.

If the total amount of earlier payments is lower than the final amount of the grant determined in accordance with Article II.25, the NA must pay the balance within [60] [or earlier if required by the rules applicable to the NA: [...]] calendar days from when it receives the documents referred to in Article I.4.4, except if Article II.24.1 or II.24.2 apply.

Payment is subject to the approval of the request for payment of the balance and of the accompanying documents. Their approval does not imply recognition of the compliance, authenticity, completeness or correctness of their content.

The amount to be paid may, however, be offset, without the coordinator's consent, against any other amount owed by the coordinator to the NA, up to the maximum contribution indicated for that coordinator, in the estimated budget in Annex II.

I.4.6 Notification of amounts due

The NA must send a *formal notification* to the coordinator:

- (a) informing it of the amount due; and
- (b) specifying whether the notification concerns a further pre-financing payment or the payment of the balance.

For the payment of the balance, the NA must also specify the final amount of the grant determined in accordance with Article II.25.

I.4.7 Payments from the NA to the coordinator and interest on late payment

The NA must make payments to the coordinator.

If the NA does not pay within the time limits for payment, the beneficiary is entitled to late-payment interest at the rate applied by the European Central Bank for its main refinancing operations in euros ('the reference rate'), plus three and a half points. The reference rate is the rate in force on the first day of the month in which the time limit for payment expires, as published in the C series of the *Official Journal of the European Union*.

Late-payment interest is not due if the beneficiary is a Member State of the Union (including regional and local government authorities and other public bodies acting in the name of and on behalf of the Member State for the purpose of the Agreement).

If the NA suspends the time limit for payment as provided for in Article II.24.2 or if it suspends an actual payment as provided for in Article II.24.1, these actions cannot be considered as cases of late payment.

Late-payment interest covers the period running from the day following the due date for payment, up to and including the date of actual payment as established in Article I.4.12. The NA does not consider payable interest when determining the final amount of grant within the meaning of Article II.25.

As an exception to the first subparagraph, if the calculated interest is lower than or equal to EUR 200, it must be paid to the beneficiary only if the beneficiary requests it within two months of receiving late payment.

I.4.8 Payments from the coordinator to the other beneficiaries

The coordinator must make all payments to the other beneficiaries by bank transfer and keep appropriate evidence of the amounts transferred to each beneficiary for any checks and audits as referred to in Article II.27.
